Electrical Pendants

& Wiring Looms

Did you know that we stock a wide range of Electrical Pendants and Wiring Looms? Perfect to be coupled with the acclaimed Stone

Power Units, these pendants are suitable for many applications. With a range of 2, 4 and 6 button single and double acting pendant controls we can supply a pendant that will suit your needs. Heavy Duty Pendants are also available in 2, 4 and 6 button all with an emergency stop function included.

Furthermore, we can supply a range of quality, and very cost effective, wireless pendants. Like our standard corded pendants, the wireless pendants are also available in 2,4 and 6 button design in 12V and 24V options.

Contact PT Hydraulics for more information

- Plastic or Steel
- Vertical or Horizontal
- Custom built tanks

handy hydraulic hint

Always use fibre brushes when cleaning your hydraulic tools—never metal-bristled brushes. Metal can score a piston, creating an area for dirt and other contaminants to collect and migrate into the hydraulic fluid. This increases the chance of compromising your tool's rings and ball seats as well as the tool pump itself.
