Filtration, Bell Housings, Couplings & Accessories

Did you know...
PT Hydraulics now offers an extensive range
of Filtration, Bell Housings, Couplings &
Accessories?

We would like to take this opportunity to thank you for your help & support in making our 'AC' Hydraulic Power Unit program such a success and for your compliments about the quality of the units and products used.

Quality is important to us and we understand the quality of our finished products can only be measured by the

quality of our workmanship and the quality of the components we use in building the Power Units.

Following the success of our Power Unit program we are pleased to announce we are expanding our product sales program to include our high quality range of Bell housings, Couplings, Filtration and accessories.

Our range includes...

- Return Filters
- Spin on Filters
- Spin off Filters Heads
- Suction Strainers
- Tank Immersed Return Filters
- Filler Breathers
- Level Gauges
- Din Pump Bell Housing and Couplings
- Pump and Bell Housing Gaskets
- Test Points
- Pressure Gauges
