PT Hydraulics Australia has increased it's product range!

PT Hydraulics Australia is pleased to now offer a new range of Hydraulic Valves. Youli Hydraulic Industrial Co. Ltd is based in Taiwan and specialises in Monoblock and Sectional Directional Control Valves. All Youli Valves are subject to comprehensive tests including flow, pressure, oil leakage and motion smoothness ensuring that the Youli product will meet and exceed customer expectations.

PT Hydraulics will initially offer the MB3 Series - 45 LPM. The MB5 Series – 75 LPM will be added soon to PT's range. These valves possess the following features:

 NEW

- 315 Bar working pressure
- Interchangeable Spools
- Closed and floating spools
- Compact construction
- Long Service life
- High efficiency
- Choice of pressure and tank port positions
- High accuracy spool is hardened for long term accuracy
- Handle shift operation
- Detent and Spring Return Detent kits available.
- Power Beyond easy modification.
- Choice of various operation methods
 - Manual
 - Pneumatic
 - Hydraulic
 - Electro-hydraulic
