

# PETROGEN

Advanced Cutting Torch Systems

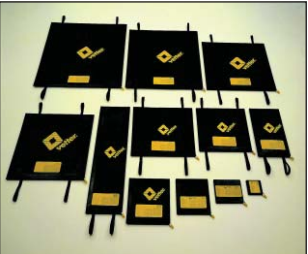

## Portable Cutting System

- > Oxy-petrol cutting system
- > Safer than Acetylene and other cutting systems
- > Range of cutting tips enables cutting through up to 35cm thick steel

## Air Bags

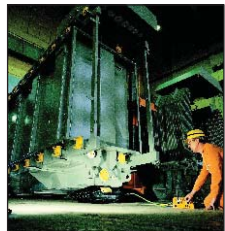

- > Vetter High Pressure Airbags range in lifting capacities from 1-68 Tons
- > Insertion height of 25mm across the range and maximum lifting height of 520mm
- > Noiseless, jolt free, precisely controlled lifting achieved from a

- safe distance
- > Applications include lifting, pushing, pressing, prising and splitting
  - > Pipe Sealing Air Bags also available

## Controllers & Hoses

- > Range of controllers available - single, dual & deadman
- > FRAZ Hose available
- > Approved for use in most mine sites

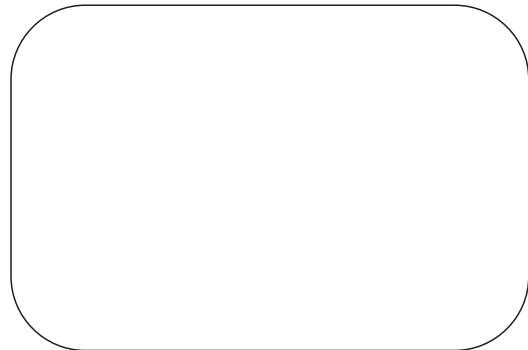

INDUSTRIAL HYDRAULICS & RESCUE EQUIPMENT

## 5 reasons to hire PT HIRE

1. Access to top quality industrial hydraulic, cutting products & rescue equipment with significant savings over buying
2. Keep inventory to a minimum and free up storage space
3. All PT HIRE equipment comes complete with basic fittings required
4. No hassles with maintenance, we ensure all items are in excellent working order so they can be used with confidence
5. Hiring allows capital to be conserved and CAPEX used for other important ventures

- QUALITY EQUIPMENT -
- EASY TO USE -

high quality hydraulic tools & equipment

PT HIRE  
19 Ricketts Road  
Mt Waverley, VIC, 3149

P: 03 9562 8800  
F: 03 9562 8080  
E: hire@pthydraulics.com.au

## Hydraulic Rams

- > General Purpose Rams - C Series - 5-100 Tons
- > Double Acting Rams - RD Series - 10-500 Tons
- > High Tonnage Rams - R Series - 55-565 Tons
- > Low Profile Rams - RLS Series - 5-150 Tons
- > Shorty Rams - RSS Series 10-250 Tons
- > Hollow Rams - RH Series - 10-200 Tons
- > Pancake Rams - PLC Series - 67-565 Tons

## Hydraulic Pumps

### Hand Pumps

- > Single Speed & Two Speed design
- > All metal construction
- > Light weight option available

### Air Pumps

- > Single Speed & Two Speed designs
- > Operate at 3-8 bar shop air pressure at the pump

### Electric Pumps

- > Suitable for use with single and double acting hydraulic cylinders
- > Industry standard for bolting and pre-stressing industries
- > All pumps are enclosed by a roll cage for stability, protection and easier mobility

### Torque Wrench Pumps

- > Electric (TWP) and Air (RWP) Models available
- > 4 tool manifold available

## Hydraulic Hoses & Accessories

- > Hydraulic Hoses - Rubber, Polyurethane (a)
- > Gauges - Heavy duty hydraulic pressure gauge (b)
- > Manifolds - Standard Blocks, blocks with valves (c)

## Hydraulic Tools

- > Hydraulic Nut Splitters - 15 & 25 Ton (a)
- > Pipe Flange Spreaders - 5 & 10 Ton (b)
- > Hydraulic Spreaders - 1 & 1.5 Ton (c)
- > Hydraulics Portable Punches (d)
- > Bead Breaker
- > Hydraulic C - Clamps
- > Hydraulic Testers (e)

## Power Units

- > ATO Power Unit - 18.5kW with 80 L/min @ 140 Bar
- > ATO Power Unit - 11kW with 30L/min @ 200 Bar
- > Hand Pump & Tank - 70 cc/stroke with 7L tank

## Industrial Cutting Equipment

### Hydraulic Cutters & Combi Tools

- > Cuts up to 43mm steel bar
- > Suitable for cutting & spreading

### Hydraulic Concrete Crushers

- > Crushes up to 203mm thick concrete
- > Cuts through reinforcing bars

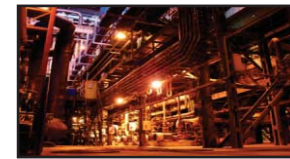

### Hydraulic Pumps

- > Electric, Petrol & Diesel

### Hydraulic Hoses & Accessories
